A LETTER FROM THE FESTIVAL DIRECTORS

WELCOME TO THE 2026 ANCHORAGE INTERNATIONAL FILM FESTIVAL!

Pat McGee & Adam Linkenhelt

In our third year as Festival Directors, we couldn't be more excited to welcome you to another incredible celebration of independent film in Anchorage.

This year, AIFF brings nearly 200 films to Alaska over ten days, with filmmakers traveling from across the country and around the world to share their work with our community.

We're also continuing to grow the festival in exciting new ways. This year introduces **A Day at the PAC**, bringing AIFF to the Alaska Center for the Performing Arts for a full day of programming, and **Absolutely Alaska Sunday**, a celebration at the Anchorage Museum dedicated to films made in Alaska and stories inspired by this extraordinary place.

And this year, we're especially excited to offer **two programs completely FREE to the community**. Our **Kids Program**, featured as part of A Day at the PAC, gives families a chance to experience AIFF together at no cost. And our **Films Worth Freezing For Outdoor Screening** invites Anchorage to bundle up and join us for a uniquely Alaskan moviegoing experience under the winter sky.

Our **Female Filmmaker Showcase** returns for its third year, and we've significantly expanded our commitment to **Alaska Native voices and Alaska made films**. While Native Voices and Absolutely Alaska provide dedicated showcases, these filmmakers and stories are also woven throughout the entire festival alongside films from around the world.

At the heart of AIFF is the belief that a film festival should be about more than watching movies. It should be about bringing filmmakers and audiences together, creating conversations, building relationships and making independent film accessible to our entire community. Most importantly, it should give artists and audiences an experience they'll remember long after the festival ends.

That philosophy continues to resonate with filmmakers. AIFF has once again been recognized among FilmFreeway's **Top 100 Best Reviewed Film Festivals**, placing us among the top 1% of festivals in the world, and for the second consecutive year as a **Top Destination Film Festival.**

None of this happens without the incredible support of our audiences, volunteers, sponsors, partners and the Anchorage community. Thank you for welcoming these filmmakers, supporting independent cinema and helping us continue to build something special here in Alaska.

We'll see you at the movies.

Films Worth Freezing For!
